

Trapdoors and doors have inconsistent subtitles for being opened and closed

MC-266318 Accessibility

Status	Resolved / Fixed
Affected	23w44a, 1.20.3 Pre-Release 1, 24w03b, 24w10a, 24w19b, 1.21 (+4 more)
Fixed in	25w15a
Reported	2023-11-02

STEPS TO REPRODUCE

1. Launch Minecraft.
2. Create a new Creative world with default settings.
3. Open Options -> Music & Sounds and enable subtitles.
4. Return to the world and place a copper door and a copper trapdoor.
5. Open and close the copper door.
6. Open and close the copper trapdoor.
7. Observe that the copper door displays "Door creaks," while the copper trapdoor displays "Trapdoor opens" when opened and "Trapdoor closes" when closed instead of "Trapdoor creaks."

OBSERVED BEHAVIOUR

When subtitles are enabled, iron and copper trapdoors use action-specific subtitles instead of the consistent **"Trapdoor creaks"** subtitle used by the other trapdoor types:

- Opening an iron or copper trapdoor plays the corresponding open sound and displays **"Trapdoor opens"**.
- Closing an iron or copper trapdoor plays the corresponding close sound and displays **"Trapdoor closes"**.

By comparison, wooden, bamboo, and Nether wood trapdoors display **"Trapdoor creaks"** for both opening and closing. Doors also use a consistent **"Door creaks"** subtitle for both actions.

EXPECTED BEHAVIOUR

When subtitles are enabled, opening or closing iron and copper trapdoors should display the **"Trapdoor creaks"** subtitle, matching the behavior of all other trapdoors. Their subtitles should not change to **"Trapdoor opens"** or **"Trapdoor closes."** Doors should continue displaying **"Door creaks"** for both actions, ensuring consistent subtitles across corresponding block types.

ENVIRONMENT

Minecraft Java Edition Versions: 23w44a, 1.20.3 Pre-Release 1, 24w03b, 24w10a, 24w19b, 1.21, 1.21.1, 24w35a, 1.21.3, 1.21.4 (includes snapshots)

ORIGINAL DESCRIPTION

The Bug:

Trapdoors and doors have inconsistent subtitles for being opened and closed.

Affected Subtitles:

Before reading the tables, please note the following:

- Characters colored in GREEN are correct and show consistent behavior.
- Characters colored in RED are incorrect and show inconsistent behavior.
