

Several 1.17 advancement strings are improperly capitalized

MC - 226430 Advancements

Status	Resolved / Fixed
Affected	1.17 Pre-release 1, 1.17 Pre-release 3, 1.17 Pre-release 4, 1.17 Pre-release 5, 1.17 Release Candidate 1, 1.17 Release Candidate 2 (+15 more)
Fixed in	22w15a
Reported	2021-05-27

STEPS TO REPRODUCE

1. Launch Minecraft 1.17.
2. Create a Creative world with default settings.
3. Run ``/advancement grant @s only minecraft:adventure/spyglass_at_parrot``.
4. Open the advancements interface.
5. Locate the description for the granted advancement and observe that it reads "Look at a parrot through a spyglass," with "parrot" and "spyglass" improperly capitalized.

OBSERVED BEHAVIOUR

When the affected advancements are displayed in the Advancements screen or in their completion toast, their descriptions use inconsistent capitalization. Several Minecraft terms that should be capitalized are rendered in lowercase:

- "villager" appears instead of "Villager".
- "parrot" and "spyglass" appear instead of "Parrot" and "Spyglass".
- "ghast" and "spyglass" appear instead of "Ghast" and "Spyglass".
- "spyglass" appears instead of "Spyglass" in the Ender Dragon description.
- "axolotl" appears instead of "Axolotl" in both axolotl descriptions.
- "block" appears instead of "Block" in the Wax On and Wax Off descriptions.
- "powder snow" appears instead of "Powder Snow".

The advancement criteria and rewards function normally; the issue is limited to the capitalization of the displayed translation strings.

EXPECTED BEHAVIOUR

The affected advancement descriptions should use the intended capitalization consistently when displayed in-game. "Villager," "Parrot," "Ghast," "Spyglass," "Axolotl," "Copper Block," and "Powder Snow" should appear capitalized as specified, while the rest of each description, punctuation, and wording should remain unchanged. All listed 1.17 advancement strings should therefore match their corrected versions.

ENVIRONMENT
