

Certain mobs that can melee can't use the Fire Aspect enchantment

MC-213349 Enchantments

Status	Resolved / Fixed
Affected	21w03a, 1.16.5, 21w05a, 21w05b, 21w06a, 21w07a (+52 more)
Fixed in	24w18a
Reported	2021-01-29

STEPS TO REPRODUCE

1. Create or enter a Creative world with default settings.
2. Summon a zoglin holding a Fire Aspect sword by entering `/summon minecraft:zoglin ~ ~ ~ {HandItems:[{Count:1b,id:"minecraft:wooden_sword",tag:{Enchantments:[{id:fire_aspect,lvl:1}]}}]}`.
3. Verify that the zoglin is holding the enchanted sword by entering `/data get entity @e[type=minecraft:zoglin,limit=1,sort=nearest] HandItems``.
4. Summon a pig nearby.
5. Wait until the zoglin attacks the pig.
6. Observe whether the pig is ignited by the zoglin's attack.

OBSERVED BEHAVIOUR

When an affected mob attacks a target while holding a weapon enchanted with Fire Aspect, the attack deals its normal melee damage, but the Fire Aspect enchantment is not applied: the target does not catch fire.

This occurs even when the mob's held item contains a valid Fire Aspect enchantment. The issue affects the mobs listed above, including the example `zoglin``, and is reproducible when the weapon is assigned directly through NBT. Other mobs that can use the held item's Fire Aspect enchantment, including mobs that do not normally render or pick up held items, ignite their targets as expected.

EXPECTED BEHAVIOUR

When an affected mob performs a successful melee attack while holding a weapon enchanted with Fire Aspect, its target should be set on fire for the enchantment's appropriate duration. This should work consistently for all listed melee-capable mobs, including the zoglin in the example, so the attacked pig becomes ignited rather than receiving only the normal melee damage.

ENVIRONMENT

Minecraft Java Edition Versions: 21w03a, 1.16.5, 21w05a, 21w05b, 21w06a, 21w07a, 21w08b, 21w10a, 21w11a, 21w13a, 21w14a, 21w15a, 21w16a, 21w17a, 21w18a, 21w19a, 21w20a, 1.17 Pre-release 1, 1.17 Pre-release 2, 1.17 Pre-release 3, 1.17 Pre-release 4, 1.17 Pre-release 5, 1.17 Release Candidate 1, 1.17 Release Candidate 2, 1.17, 1.17.1 Pre-release 1, 1.17.1 Pre-release 2, 1.17.1 Release Candidate 1, 1.17.1, 21w37a, 21w38a, 21w39a, 21w40a, 21w41a, 21w42a, 21w43a, 21w44a, 1.18 Pre-release 1, 1.18 Pre-release 5, 1.18, 1.18.1 Pre-release 1, 1.18.1, 1.18.2, 22w13a, 22w14a, 22w15a, 22w17a, 1.19 Pre-release 1, 1.19 Pre-release 2, 1.19, 1.19.2, 22w43a, 1.19.3, 23w04a, 1.19.4, 1.20 Pre-release 1, 1.20.1, 1.20.4 (includes snapshots)

ORIGINAL DESCRIPTION

The Bug

Some mobs that are able to melee and are given an item (by setting their NBT tag 'CanPickUpLoot' to true) that is enchanted with Fire Aspect do not set their target on fire when they attack with said item. While these mobs do not have the ability to pick up items in survival, others mobs which normally can't pick up items nor render the item being held (such as Spiders, Silverfish, Endermen, etc.) the Fire Aspect enchantment works as expected.

Affected Mobs

- Bee
- Cat
- Dolphin (Always drop item it 'holds' anyway)

- Goat
- Hoglin
- Iron Golem
- Magma Cube
- Ocelot
- Polar Bear
- Rabbit (The Killer Bunny)
- Slime
- Wolf
- Zoglin

Steps to Reproduce

- Summon any of the affected entites listed above, who are holding a sword enchanted with fire aspect, for example, a zoglin.

```
/summon minecraft:zoglin ~ ~ ~
```

```
{HandItems:[{Count:1b,id:"minecraft:wooden_sword",tag:{Enchantments:[{id:fire_aspect,lvl:1}]}}]}
```

- Double-check to see whether or not the zoglin is holding a sword enchanted with fire aspect.

```
/data get entity @e[type=minecraft:zoglin,limit=1,sort=nearest] HandItems
```

- Summon a pig nearby so that the zoglin will attack it.
- As the zoglin attacks the pig, take note as to whether or not the pig is ignited.

Observed Behavior

Several entities that have melee attacks can't use the fire aspect enchantment.

Expected Behavior

Several entities that have melee attacks would be able to use the fire aspect enchantment.
