

Redstone lamps do not show on maps

MC - 124331 Maps

Status	Resolved / Fixed
Affected	Minecraft 1.12.2, Minecraft 18w02a, Minecraft 1.13.1, Minecraft 1.13.2, 1.15.1, 1.16.4 (+25 more)
Fixed in	24w35a
Reported	2018-01-15

STEPS TO REPRODUCE

1. Enter a Minecraft world where commands can be used.
2. Run `/fill ~1 ~ ~1 ~9 ~ ~9 minecraft:redstone_lamp` to place a large amount of redstone lamps.
3. Create a map.
4. Look at the filled map.
5. Observe that the redstone lamps are not shown and the block below them is displayed instead.

OBSERVED BEHAVIOUR

The redstone lamps are not rendered on the filled map. In the area containing the lamps, the map displays the map color of the block directly beneath each lamp instead, making the lamp-covered area appear as though the lamps were not placed. This occurs for the redstone lamps created by the `/fill` command, rather than displaying a distinct map color for the lamp blocks.

EXPECTED BEHAVIOUR

When viewing the filled map, the placed redstone lamps should be represented on the map at their actual locations. The map should display the lamp-covered area rather than showing the blocks beneath the lamps, so the map accurately reflects the visible redstone lamp blocks in the world.

ENVIRONMENT

Minecraft Java Edition Versions: 1.12.2, 18w02a, 1.13.1, 1.13.2, 1.15.1, 1.16.4, 20w45a, 20w49a, 20w51a, 21w03a, 1.16.5, 21w05b, 21w06a, 21w14a, 21w17a, 1.17.1, 21w41a, 1.18 Release Candidate 3, 1.18.1, 1.18.2, 22w13a, 1.19, 1.19.2, 1.19.3, 23w03a, 1.20.1, 1.21, 1.21.1 Release Candidate 1, 1.21.1, 24w33a, 24w34a (includes snapshots)

ORIGINAL DESCRIPTION

The Bug

Redstone lamps do not show up on maps. Instead, the block below them is displayed.

Steps To Reproduce

- Place a large amount of redstone lamps:

`/fill ~1 ~ ~1 ~9 ~ ~9 minecraft:redstone_lamp`

- Create a map.

- Look at the filled map and take note of whether or not the redstone lamps are on the map.

Observed Behavior

Redstone lamps are not shown on maps.

Expected Behavior

Redstone lamps would be shown on maps.
