Status	Resolved / Fixed
Affected	22w24a, 1.19.1 Pre-release 1, 1.19.1 Pre-release 3
Fixed in	1.19.1 Pre-release 3, 1.19.1 Pre-release 5
Reported	2022-06-17

STEPS TO REPRODUCE

1. Launch Minecraft.
2. Create a Creative world with default settings.
3. Open the chat and execute ``/tellraw @s {"translate":"gui.abuseReport.reason.terrorism_or_violent_extremism.description"}``.
4. Observe that the displayed string contains "threatening with acts of terrorism or violent extremism" instead of "threatening acts of terrorism or violent extremism."

OBSERVED BEHAVIOUR

When the translation key ``gui.abuseReport.reason.terrorism_or_violent_extremism.description`` is displayed, the text is rendered as:

> Someone is talking about, promoting, or threatening ****with**** acts of terrorism or violent extremism for political, religious, ideological, or other reasons.

The phrase "threatening with acts" is grammatically incorrect or unclear in this context because "with" is unnecessary after "threatening." The string should instead render "threatening acts of terrorism or violent extremism," as shown in the expected string.

EXPECTED BEHAVIOUR

When the translation string is displayed, it should use grammatically correct wording that clearly conveys its intended meaning. Specifically, it should read, "Someone is talking about, promoting, or threatening acts of terrorism or violent extremism for political, religious, ideological, or other reasons." The unnecessary preposition "with" should be removed so that the description is clear and grammatically accurate.

ENVIRONMENT

ORIGINAL DESCRIPTION

The Bug:

A preposition is incorrectly used within the "gui.abuseReport.reason.terrorism_or_violent_extremism.description" string.

This string is currently grammatically incorrect as the preposition within it, (that being the word "with"), doesn't contain a noun before it, therefore not making it clear who the given person is threatening these comments toward.

Below, I've constructed a table that states all of the necessary and relevant information regarding this issue.

Affected String:

Before reading the table, please note the following:

- Words colored in GREEN are correct.
- Words colored in RED are incorrect.
