

Several buttons and icons use the old tooltip design upon being hovered over

MC-29371 UI

Status	Resolved / Fixed
Affected	Minecraft 1.6.2, 21w03a, 1.16.5, 21w05b, 21w06a, 21w07a (+32 more)
Fixed in	23w31a
Reported	2013-08-29

STEPS TO REPRODUCE

1. Launch Minecraft.
2. Create a new Creative world with default settings.
3. Open the in-game Esc menu.
4. Open the Statistics menu.
5. Hover over a statistics sorting button or statistics item icon.
6. Observe that the hovered button or icon uses the old tooltip design.

OBSERVED BEHAVIOUR

When the listed controls are hovered, their tooltips are rendered using the legacy tooltip presentation instead of the current tooltip design used by other Minecraft UI elements. This occurs for the following elements:

- Statistics sorting buttons and item icons in the **Statistics** menu
- The invitation button in the **Realms** menu
- The leave and configure realm buttons in the **Realms** menu
- The Realms traffic icon
- The Realms News and "What is Realms?" buttons
- The "+" changes icon for world backups
- World icons in the **Realms** menu

The affected controls remain usable, but their hover tooltips are visually inconsistent with the newer tooltip design.

EXPECTED BEHAVIOUR

When hovered, the affected buttons and icons in the Statistics and Realms menus should display tooltips using the current, new tooltip design rather than the outdated style. This should apply consistently to statistics sorting buttons and item icons, Realms controls, status and information icons, world backup changes, and world icons, with each tooltip remaining readable and visually consistent with the rest of the interface.

ENVIRONMENT

Minecraft Java Edition Versions: 1.6.2, 21w03a, 1.16.5, 21w05b, 21w06a, 21w07a, 21w11a, 21w17a, 21w20a, 1.17, 1.17.1, 21w38a, 21w39a, 21w40a, 21w41a, 21w42a, 21w43a, 1.18 Pre-release 1, 1.18 Pre-release 6, 1.18, 1.18.1, 22w03a, 22w05a, 22w06a, 22w07a, 1.18.2 Release Candidate 1, 1.18.2, 22w13a, 22w17a, 22w18a, 1.19, 1.19.1, 1.19.2, 22w43a, 1.19.3, 1.19.4, 1.20, 1.20.1 (includes snapshots)

ORIGINAL DESCRIPTION

The Bug:

Several buttons and icons use the old tooltip design upon being hovered over.

Affected Buttons/Icons:

Here is a table of all of the affected buttons and icons that use the old tooltip design upon being hovered over. Please note that there could be more examples of this that aren't listed below.

Affected Buttons/Icons

Location (GUI)

Attachment

Statistics Sorting Buttons

Statistics Menu

Steps to Reproduce:

- Locate any of the buttons or icons listed above and hover over them.
- Take note as to whether or not several buttons and icons use the old tooltip design upon being hovered over.

Observed Behavior:

Several buttons and icons use the old tooltip design upon being hovered over.

Expected Behavior:

Several buttons and icons would use the new tooltip design upon being hovered over.
