

Unable to remove villager gossips using /data remove

MC-153392 Village system

Status	Resolved / Fixed
Affected	Minecraft 1.14.2, 19w36a, 1.15.1, 20w15a, 20w16a, 1.16.4 (+13 more)
Fixed in	25w07a
Reported	2019-05-29

STEPS TO REPRODUCE

1. Create or enter a Creative world with default settings.
2. Use a villager that has `Gossips` entries.
3. Open the chat.
4. Run `/data remove @e[type=minecraft:villager,limit=1] Gossips`.
5. Observe that the villager's `Gossips` entries are not removed.

OBSERVED BEHAVIOUR

Actual behavior

Using `/data remove` to remove a villager's `Gossips` NBT tag does not remove the tag or any of its gossip entries. The villager retains its existing gossip data after the command is executed, including when the villager has a large number of entries.

EXPECTED BEHAVIOUR

When the `/data remove` command targets a villager's `Gossips` tag, it should successfully remove the tag and its gossip entries from the villager's data. The command should not leave the entries unchanged or report a successful operation while retaining them, regardless of how many gossip entries the villager has.

ENVIRONMENT

Minecraft Java Edition Versions: 1.14.2, 19w36a, 1.15.1, 20w15a, 20w16a, 1.16.4, 20w51a, 1.16.5, 1.18 Pre-release 6, 1.18.1, 1.18.2, 1.19, 1.19.1, 1.19.2, 1.19.3, 1.19.4, 23w43b, 1.21.3, 1.21.4 Pre-Release 1 (includes snapshots)

ORIGINAL DESCRIPTION

The bug

The /data remove command doesn't remove Gossips entries from villagers. I'm not sure if it matters, but this villager has a lot of Gossips entries, enough to where when you show chat and try scrolling up, the game won't let you scroll up enough to view all the entries.

How to reproduce

- Have a villager with Gossips entries
 - Run /data remove command on said villager
- Gossips entries will not be removed, as seen in the video file.

Observed Behavior

Villagers' "Gossips" tag cannot be removed by using the "/data remove" command.

Expected Behavior

Villagers' "Gossips" tag would be able to be removed by using the "/data remove" command.
